**NSL Analytical Services, Inc. Received 2013 Leading EDGE Award
for Value Creation in Northeast Ohio**

Cleveland, Ohio—May 29, 2013—NSL Analytical Services, Inc. was among an elite group of 101 Northeast Ohio mid-sized companies that was recognized at The 2013 Leading EDGE Awards on May 23 at Lorain County Community College in Elyria, Ohio. In its seventh year, this prestigious award was developed by The Entrepreneurs EDGE to recognize value-creating, mid-sized companies in the region. Qualifying companies operate within the 17 counties of Northeast Ohio and generate revenues up to \$750 million, a portion of which must be outside the region.

Honored companies were identified by the value they create in our regional economy, based on a sum of their EBIT (earnings before interest and taxes) and total taxable compensation for all Northeast Ohio-based employees.

“We have worked hard to support companies from all industries with their testing needs to help them produce high quality and safe products,” said Larry Somrack, President of NSL Analytical Services, Inc. “It is a real honor to be part of this esteemed group of companies that are helping to make Northeast Ohio a great place to grow a business. I want to thank the talented people who work for NSL who made this award possible.”

About NSL Analytical Services, Inc.

In business for almost seven decades, NSL Analytical is a fully accredited independent commercial testing laboratory. NSL is certified as an ISO/IEC 17025 laboratory, Nadcap certified Materials Testing Laboratory and 10 CFR 50 Appendix B (Nuclear) laboratory. The company provides reliable and cost effective chemical and metallurgical materials testing to a global customer base.
